*****Open Forum - Starts at 1:18**

Geoff- motions submitted that are doing the same thing, requests that we discuss them during open forum.

Brian B- Wave of recovery - cant provide child care at the meeting. Young parents are coming in with children and being turned away at other meetings. Don't have a large enough support

network to hire someone to watch kids during the meeting. They would like financial assistance to provide childcare during their meeting.

Jack - Every group should be fully self supporting.

Joe - reading motions. — See below

Chuck - has this ad hoc committee ever been done anywhere else in NA

Leah - BRANA uses that structure -

Chuck - if ENC wasn't effective, how will this be effective?

Geoff- We need 4 permanent members of the ad hoc committee, they would report to area every month.

Jack - has heard of doing this back home. Still had standard subcommittees, area chair would delegate ad hoc chairs for different activities. This motion sounds like there is no accountability within area.

Tara- we used ad hoc committee in tidewater area. They were directly accountable to whatever subcommittee they were formed underneath. They were formed for a specific purpose.

Jess - we don't have a public relations person.

Chuck - We need to serve. No one serves the addict who still suffers. Not seeing any newcomers. What are the services were not providing to the new people? We don't have the willingness within this area. trying to find people to serve germanently on an ad hoc committee would be hard.

Ted - people want to reinvent the wheel all the time. I like the motion but thats what H&I is for. The people that are going to serve are here.

Geoff- One of the first things that an ad hoc comittee could do is write a policy for PR. Chuck would be a good chair for that committee and I am willing to serve on the committee.

Joe - I think that ENC as a subcommittee has run its course. Were not a new area anymore. ENC needs to be retitled. I think we can work toward where we need to go piece by piece instead of needing to dismantle everything.

Jack - service driven structure. World service started new projects for different events. They have it in policy to attend PR events and create ad hocs for certain services.

Tara- Regardless of structure, we need to focus on the positions of the people and what they need to be knowledgeable with. If were tlking about H&I becoming a new subcommittee, we need to have the people in the positions to be able to serve appropriately. Who is the person that can be contacted to be able to serve wherever service is needed.

Chuck - History - ENC was good and they did a lot. They made a tv advert, history events. We had some confusion on how the committee operates and how policy works. We need to teach people how to serve. No one knows what is going on. There were a lot of people that knew what was going on and created policy and then they left and no one knew what to do. How are we serving and are we fulfilling our primary purpose?

Jess - Hope Shot - We have a new member of NA and he is here to serve and learn how to serve. Please bring people that want to serve. Need to investigate at the home group level if you are not having new members. Greet people at the door, pick them up, show them how to stay clean. It is our responsibility to get people interested and want to stay clean and serve. Have to go to more than one meeting to find new people. Invite people to other meetings.

Joe - It is true what Jess said, but we are talking about at an area level. How can we better serve at an area level.

Chuck - We could build a mass and all get on board with an idea. The same way NA was formed in the beginning. Find a way through the promosal to provide a space for more people to serve.

Mike C - this is the first time i have heard us talk about carrying the message to the newcomer in a year at the area level. Needs to be addressed.

Ted - Please bring ideas back. I have some ideas.

Geoff - The intent of this motion is structural. I think that it will make it easier to do some of the things were talking about getting into if we have an ad hoc to support it.

Part 3: Add ad-hoc committee formation, requirements, and procedures to BASCNA Policy*

Part 4: Upgrade Webservant position to executive level, add qualifications and job description to BASCNA Policy, and hold election for position in March*

Intent: Although the ENC Committee was a commendable and practical experiment for dealing with a common problem regarding burdening sub-committee information in ASC meetings it has proven cumbersome and dispensable. This motion seeks to simplify and streamline the tasks previously undertaken by ENC by offering a process that does not require a permanent committee and that guarantees the task will be well supported. This motion is in no way meant to disparage the addicts who have served selflessly in this capacity. The motion also seeks to make the H&I Committee and the Web servant directly accountable to area.
